

XstreamAir

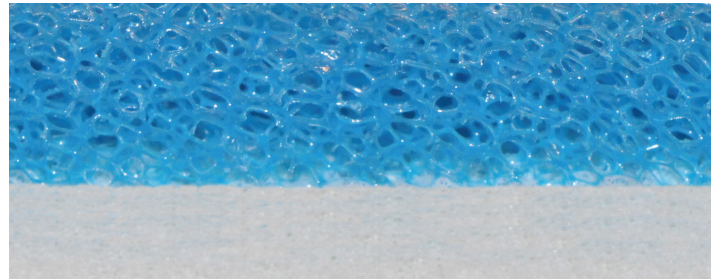

*A NEW BREED OF LIGHTWEIGHT TOPPER MATERIAL,
PROVIDES UNSURPASSED AIR FLOW AND DURABILITY.*

Engineered for optimum weight savings, XstreamAir is the ultimate in breathability. Featuring Dryfeel (open cell polyurethane foam) in combination with a topper consisting out of 100 % latex.

Available on toppers and rolls, never a glue seam, always one piece construction in all sizes offering the maximum consistency from side to side, top to bottom and mattress to mattress.

2 possibilities: on the latex, between the latex.

- Keeps you cooler at night
- Light as well as durable
- Seamless construction
- Extreme breathability
- Moisture wicking
- 3D Air Flow

Open cell technology allows for maximum air circulation

Latex topper:

- Made with 100% latex
- No fillers
- Natural and eco-friendly
- Hypo-allergenic, dust-mite resistant and mildew free
